

CANADIAN UNGASS NETWORK

In efforts to operationalize the UNGASS Declaration of Commitment in Canada, the Canadian UNGASS Network has been formed. The following is a list of individuals and organizations from across Canada who make up a collective of those working with UNGASS. If you would like information and/or assistance with implementing the Declaration in your organization please contact one or more of the members. It is important to note that each organization is working in their own unique way to bring the Declaration to action.

If you would like to join the network please contact Le-Ann Dolan at AIDS Calgary, ldolan@aidscalgary.org.
